The annual and special assessments, together with interest, costs and reasonable attorney fees, shall be a charge on the land and shall be continuing lien upon the Lot against which each such assessment is made. Each such assessment, together with interest, cost and reasonable attorney fees, shall also be the personal obligation of the person who was the Owner of such Property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to perform all obligations of the Association or reasonably related thereto; and improvements and landscaping, if any, on any Common Element or easement Property serving the Association. All such dues, charges and assessments imposed by the Association shall be paid on a periodic basis in regular installments as the Board of Directors shall determine.

Section 3. Annual Assessment. All assessments may be from time to time specifically determined and authorized by the Board of Directors. The Association is specifically authorized and encouraged to seek public and private funds to help defray, in whole or in part, the expenses for which assessments would be necessary. To the extent received, such funds shall be used to reduce the assessments otherwise required by the annual budget.

A. **Computation of Assessment.** Effective January 1, 1997, it shall be the duty of the Board, at least sixty (60) days before the beginning of the fiscal year and thirty (30) days prior to the meeting at which the budget shall be presented to the Membership, to prepare a budget covering the estimated costs of operating the Association during the coming year and a reserve fund for deferred capital expenditures or deferred maintenance as the Board shall determine. A copy of the budget showing the amount of the assessment to be levied against each class of Lot Owner for the following year shall be delivered to each Owner at the meeting. The budget and any assessments shall become effective unless disapproved at the meeting by a vote of a least a majority of the total Association votes. In the event the Membership disapproves the proposed budget or, if the Board fails for any reason to determine the budget for the succeeding year, then and until such time as the budget shall have been determined as provided herein, the budget in effect for the then current year shall continue for the succeeding year. The annual fee shall not exceed Two Hundred Fifty Dollars (\$250.00) per year until such time as control of the Board is in the Owner's and the Owner's vote to raise the annual fee above this amount.

Notwithstanding anything to the contrary stated herein, (a) the Board of Directors shall be authorized to increase the amount of annual assessments by an amount that shall not exceed twenty percent (20%) as compared with the prior year's annual assessment amount without the requirement of the consent of any Members, and (b) the provisions of this Declaration regarding payment of assessments shall not apply to any unoccupied Lot owned by the Declarant. As used herein, "unoccupied" shall mean a Lot which is not occupied as a residence. In consideration of the foregoing, the Declarant agrees that if, during its Class B Membership, the total assessments levied are insufficient to meet the operating expenses of the Association, Declarant shall pay a portion of the deficiency. After Declarant's Class B Membership ceases, the Declarant shall not be required to pay a deficiency nor shall unoccupied Lots owned by Declarant be subject to an assessment.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, and non-periodic repair or replacement of a capital improvement.

Section 5. Notice and Quorum for Any Action Authorized Under Section 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 4 shall be sent to all Members and the quorum for such meeting shall be in accordance with the Bylaws of the Association.

Section 7. Date of Commencement of Monthly Assessment. The assessments provided for herein shall commence as to each Lot on the first day of the month following the conveyance of a Lot.

Section 8. Effect of Nonpayment of Assessments; Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of eighteen percent (18%) per annum. The Association may bring an action at law against the Owner personally obligated to pay any assessment, or foreclose the lien against the Property. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of or abandonment of his or her Lot.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first Mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof. A violation of

these restrictive covenants, or any one or more of them, shall not affect the lien of any Mortgage now of record, or which may hereafter be placed of record upon Lots or any part thereof.

ARTICLE VI ARCHITECTURAL CONTROL

Section 1. Compliance with Design Guidelines and Approval Requirement. Except for improvements and dwelling units constructed by Declarant or Developer, no dwelling unit, building, wall or other exterior structure or improvement of any kind (collectively, "Improvements") shall be commenced, erected or maintained upon a Lot, nor shall any exterior addition to or change or alteration of any improvement be made upon a Lot except (a) in accordance with the Design Guidelines that shall be adopted by the Board of Directors, and shall be subject to amendment, from time to time, by the Board of Directors, and (b) after the Owner shall have submitted plans for such Improvements to the Architectural Committee and the Architectural Committee shall have approved such plans in writing as provided in Section 3 below.

Section 2. Establishment of Architectural Committee. Notwithstanding anything in this Declaration or the Design Guidelines to the contrary, the Board of Directors shall create and delegate authority to an Architectural Committee for the purpose of administering the Design Guidelines and performing such plan approval process. The Architectural Committee may adopt the procedural rules and regulations for the performance of such duties by the Architectural Committee, including procedures for the preparation, submission and determination of the application for any approvals required by this Declaration. The Architectural Committee shall consist of such number of regular members and alternate members as the Board of Directors may designate and such members shall be appointed by the Board of Directors. Appointees need not be architects or Owners and do not need to possess any special qualifications of any type except such as the Board of Directors may, in its discretion, require. The Architectural Committee shall hold regular meetings as needed, a quorum for such meeting shall consist of a quorum of the regular members, and the concurrence of a majority of the regular members shall be necessary for any decision of the Architectural Committee. An alternate member, approved by the Board of Directors, may participate at any meeting at which there is not a quorum of regular members present, may constitute a quorum by his (their) presence and shall have all of the authority of a regular member while so participating. Architectural Committee members may be replaced at the discretion of the Board of Directors. The Architectural Committee may promulgate architectural guidelines and standards to be used in rendering its decisions ("Architectural Guidelines"). Subject to the provisions of Section 3 of this Article VI, the decision of the Architectural Committee shall be final on all matters submitted to it pursuant to this Declaration.

Section 3. Submittal and Approval Procedure. Any Owner or potential purchaser of a Lot shall, prior to submitting any plans and specifications to the Architectural Committee for approval, request in writing of the Committee a copy of any current Design Guidelines and the Architectural Guidelines. The Owner will also submit complete improvement plans and pay all fees set out herein. In the event the Architectural Committee fails to approve or disapprove such plans and specifications within thirty (30) days after said plans and specifications have been submitted to it, it shall be presumed that the Architectural Committee disapproves said plans and no construction, change or alteration shall

be permitted. The plans and specifications to be submitted to the Architectural Committee shall be submitted in duplicate. The Architectural Committee shall retain one (1) copy of said plans and specifications and, upon approval, the other copy shall be returned to the Owner with the signature of the Architectural Committee and the date of approval. Application for approval of plans and specifications shall be accompanied by the payment of a fee as designated by the Architectural Committee. Approval of plans and specifications shall be in the sole discretion of the Architectural Committee.

Section 4. Reconsideration and Appeal. Any Owner aggrieved by a decision of the Architectural Committee may request in writing delivered to the Architectural Committee no later than thirty (30) days after such decision shall have been sent to such Owner that the Architectural Committee reconsider its decision. Such procedures would include the requirement that the Owner has modified the requested action or has new information which would in the Architectural Committee's opinion warrant such a reconsideration. If the Architectural Committee fails to allow reconsideration or if the Architectural Committee, after reconsideration, again rules in a manner aggrieving the Owner, the Owner may request in writing delivered to the Board of Directors no later than thirty (30) days after such decision shall have been sent to such Owner that the Board of Directors overrule the Architectural Committee's decision. The decision of the Board of Directors is final.

Section 5. Fee. The Board of Directors may establish a reasonable processing fee to defer the costs of the Association in considering any requests for approvals submitted to it, which fee shall be paid at the time the request for approval is submitted.

Section 6. Occupancy. No dwelling unit on a Lot shall be occupied until Cochise County has issued an occupancy permit and construction has been completed pursuant to plans approved by the Architectural Committee. Each Owner shall have a maximum of twelve (12) months from the date of approval of plans by the Architectural Committee for completion of improvements in accord with those approved plans.

Section 7. Variance. The Architectural Committee or its duly appointed agent for such purpose shall have the right to grant variances as to any of the provisions of the Design Guidelines and/or the Architectural Guidelines or to waive any such provisions as it shall, in its sole discretion, determine upon good cause shown. Any such variance or waiver so granted shall be in writing and shall be made prior to the time that the subject matter set forth in the written variance or waiver is acted upon or implemented unless otherwise expressly stated in such written variance or waiver. Any such variance or waiver so granted as to any particular subject matter shall not constitute a similar or dissimilar variance or waiver as to any other matter affecting the same Lot or any other Lot, it being deemed that any such variance or waiver so granted shall be limited solely to the variance or waiver set forth in writing by the Architectural Committee or its duly appointed agent for said purpose.

Section 8. Limited Liability of Architectural Committee Approval. Approval by the Architectural Committee shall relate only to the conformity of plans and specifications to general architectural and landscaping plans for the area covered by this Declaration, and such plans, drawings, and specifications are not approved as to adequacy of engineering design or architectural competence.

By approving such plans, drawings, and specifications, the Architectural Committee does not assume liability or responsibility therefor, or for any defect in any structure constructed from such plans, drawings and specification. Members of the Board of Directors or the Architectural Committee shall have absolutely no personal responsibility to any person with regard to any actions taken by them in their capacity as such members.

The cost of such action by the Association may be added to the assessment obligation upon determination by the Board of Directors.

Section 2. Exterior Maintenance. All maintenance and repair of dwelling units and other improvements upon any Lot, together with erosion protection originally installed by Developer on any Lot, shall be the responsibility of the Owner of such Lot and shall be performed so as to maintain the improvements on each Lot in a manner which reflects a well maintained quality neighborhood. No machinery or equipment of any kind shall be placed, operated or maintained upon or adjacent to any Lot except (a) such machinery or equipment as is usual and customary in connection with the use, maintenance or construction (during the period of construction) of a building, appurtenant structure, or other improvements; (b) that which Declarant or the Association may require for the operation and maintenance of the Wild Horse II Subdivision.

Section 21. A Lot may not be further subdivided or separated into smaller lots or parcels by any Owner, and a portion of any Lot may not be conveyed or transferred by any Owner.

Section 22. Except as may be provided by the Declarant or Association, all wires, lines, etc. shall be contained in conduits or cables installed and maintained underground or concealed in, under or on buildings or other structures as approved by the Board of Directors or an Architectural Committee.

Section 23. During reasonable hours and upon actual receipt of at least 72 hours advance notice to the Owner or occupant of a Lot, a member of the Board of Directors or an Architectural Committee, or an authorized representative of either shall have the right to enter upon and inspect any Lot and the improvements thereon, except for the interior portions of any completed residence, for the purpose of ascertaining whether or not the provisions of this Declaration have been or are being complied with and such persons shall not be deemed guilty of trespass by reason of such entry. The Owner, occupant or their representative may be present.

Section 24. Nothing contained in this Declaration shall be construed to prevent the erection or maintenance by Declarant or its duly authorized agents, of structures, improvements or signs necessary or convenient to the development and sale or leasing of Lots.

Section 25. It is intended that the Lots shall be used solely for residential use. There shall be no commercial or similar establishments including without limitation retail, industrial or office uses and there shall be no churches or schools located on any of the Lots. Notwithstanding the foregoing, home office use shall be allowed provided no retail or manufacturing use is involved and providing that there is not excessive traffic caused thereby.

Section 26. The only perimeter fencing allowed within any Lot shall be a wood fence or masonry wall unless specific written permission is obtained from the Board of Directors or an Architectural Committee.

Section 27. No windmills may be erected on any Lot.

Section 28. All residences and other structures shall be constructed to minimally comply with the requirements of the State of Arizona building codes, and if not in existence, with Cochise County building codes.

Section 29. No single family dwelling placed on or erected upon a Lot shall be occupied in any manner while in the course of construction nor at any time prior to its being fully completed and issued a certificate of occupancy by Cochise County. Nor shall any residence when completed be in any manner occupied until made to comply with the approved plans, the requirements herein and all other covenants, conditions and restrictions in this Declaration.

ARTICLE IX EASEMENTS

Section 1. Blanket Easement. There is hereby created a blanket easement upon, across, over and under the Property for installation, replacing, repairing and maintaining all utilities, including but not limited to water, sewer, gas, telephone and electricity, and a master television antenna system. By virtue of the easement, it shall be expressly permissible for each individual Owner or public service utility company or municipality to erect and maintain the necessary facilities and other necessary equipment or lines in said Property and to affix and maintain electrical and/or telephone wires, circuits and conduits above, across and under the Units, including the roof and exterior walls of each Unit. Notwithstanding anything to the contrary contained in this paragraph, no sewers, electrical lines or other utilities may be installed or relocated on the Property except as initially programmed and approved by the Developer (during the Development Period) and (after the Development Period) approved by the Board of Directors or an Architectural Committee. No walls may be constructed on or within any easements for utilities. The blanket easement shall in no way affect any other recorded easements on said premises.

Section 2. Encroachment Easement. All Lots shall be and are hereby declared to be subject to an easement for encroachments created by construction, settling and overhangs, as designed or constructed by Declarant and Developer, and also by and other original builder which has caused the construction in accord with plans approved by the Board of Directors or an Architectural Committee, and such action, in the sole opinion of Declarant, was not willful and is diminimus in nature. A valid easement for said encroachments and for the maintenance of the same, so long as they stand, shall and does exist. Declarant shall have the right to record any notice of such easement as Declarant shall determine.

ARTICLE X GENERAL PROVISIONS

Section 1. Enforcement. The Association or any Owner shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration. Failure by the Association or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. Notwithstanding the above, if there is a dispute as to enforcement of or interpretation of any portion of this document during the Development Period, the Declarant or its designated agent, shall have sole authority to issue a decision as to the dispute or interpretation. Any such decision shall be final and binding on all Owners of the Property.

Section 2. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provision which shall remain in full force and effect.

Section 3. Revocation and Amendment. The covenants and restrictions of this Declaration shall run with and bind the land, and shall inure to the benefit of and be enforceable by

the Association, or the Owner of any Lot subject to this Declaration, their respective legal representatives, heirs, successors and assigns, for a term of twenty (20) years from the date this Declaration is recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years.

This Declaration shall not be revoked unless the Owners of eighty percent (80%) of all Lots consent and agree to such revocation by written instruments duly recorded, and such consent and agreement may be reflected by a vote of the Owners at a duly called meeting of the Owners or by the signature of such Owners on the written instrument that shall revoke this Declaration. This Declaration shall be amended, except as otherwise herein provided, unless the Owners of eighty percent (80%) of the Lots consent and agree to such amendment by written instrument duly recorded, and such consent and agreement may be reflected by a vote of the Owners at a duly called meeting of the Owners or by the signature of such Owners on the written instrument that shall amend this Declaration. Any such revocation of or amendment to this Declaration may be evidenced by a recorded certificate of the Secretary of the Association certifying that, at a meeting of the Owners duly called, the Owners of eighty percent (80%) of the Lots consented to such revocation or amendment, and that copies of such written consents are in the corporate records of the Association.

Notwithstanding the foregoing amendment procedure, (a) the Declarant expressly reserves the right to amend this Declaration at any time prior to the termination of the Development Period and any such amendment shall be effective whether it applies uniformly or non-uniformly to the Property or any Lot; (b) no amendment shall be effective during the Development Period unless signed by Declarant; and (c) any such amendment signed by Declarant shall be effective whether or to such amendment shall impact any prior vested right of interest whether resulting from ownership or any portion of the Property or otherwise.

Notwithstanding any of the foregoing provisions of this Declaration pertaining to site planning, zoning and buffering of adjoining residential subdivisions, including building height restrictions, it shall not be amended without written permission of the Cochise County Board of Supervisors.

Section 4. Interpretation. If there is any conflict among or between this Declaration, the Articles of Incorporation of the Association, the Bylaws of the Association or the Rules and Regulations of the Association, the provisions of this Declaration shall prevail; thereafter, priority shall be given first to such Articles of Incorporation, then to such Bylaws and then such Rules and Regulations.

Section 5. Complete Amendment and Restatement of Original Declaration.
This Declaration completely amends and restates the Original Declaration, and the Original Declaration no longer has any force or effect.

IN WITNESS WHEREOF, the undersigned, being the Declarant herein, has hereunto set its hand and seal this 19 day of May, 2008.
